

# WANTED

## INFORMATION ON BUSIA

*Where she came from?*

*How she came to America?*

Whether you called her Busia or Babcia, she was the kindly grandmother that you remember by the smell of freshly baked bread or a treat of tasty kolaczki when you visited her house.

Find an answer to these and other family questions. Much more can be learned about your forefathers by researching your Polish family history here in America and in Europe.

The Polish Genealogical Society of America can help you in this search by providing genealogical assistance in the form of journals, books, meetings, conferences, website and special genealogical tours.

The main purpose of the Society is to assist you in your family history research. You are invited to become a member of the largest Polish genealogical organization in the country.

**POLISH GENEALOGICAL SOCIETY OF AMERICA**  
**984 North Milwaukee Avenue**  
**Chicago, Illinois 60622**
